

# Mighty MISTER™

Just fill it up, plug it in, turn it on and mist n' cool!

The Mighty Mister™ is a portable misting system that cools you down with a chilled mist that reduces the body temperature providing heat relief!

Easy to move and  
quick set-up.

Fan and pump  
stores inside  
when not in use.

- Reduces air temperature up to 35°F!
- Runs approximately eight hours without refilling.
- Ground fault plug (GFCI plug).
- Industrial mobile cooler with drain spout.
- Remote misting capabilities.
- 12 volt and 220 volt models available.
- Three way switch (Fan & mist or fan only).
